

Energy performance certificate (EPC)

 **This certificate has expired.**

16, Heather Bank BURNLEY BB11 5LA	Energy rating D	This certificate expired on:	5 January 2024
		Certificate number:	9919-2870-7820-9977-9461

Property type	Semi-detached house
Total floor area	67 square metres

Rules on letting this property

Properties can be let if they have an energy rating from A to E.

You can read [guidance for landlords on the regulations and exemptions \(https://www.gov.uk/guidance/domestic-private-rented-property-minimum-energy-efficiency-standard-landlord-guidance\)](https://www.gov.uk/guidance/domestic-private-rented-property-minimum-energy-efficiency-standard-landlord-guidance).

Energy rating and score

This property’s energy rating is D. It has the potential to be B.

[See how to improve this property’s energy efficiency.](#)

The graph shows this property’s current and potential energy rating.

Properties get a rating from A (best) to G (worst) and a score. The better the rating and score, the lower your energy bills are likely to be.

For properties in England and Wales:

- the average energy rating is D
- the average energy score is 60

Breakdown of property’s energy performance

Features in this property

Features get a rating from very good to very poor, based on how energy efficient they are. Ratings are not based on how well features work or their condition.

Assumed ratings are based on the property’s age and type. They are used for features the assessor could not inspect.

Feature	Description	Rating
Wall	Cavity wall, filled cavity	Good
Roof	Pitched, 300+ mm loft insulation	Very good
Window	Fully double glazed	Average
Main heating	Boiler and radiators, mains gas	Good

Feature	Description	Rating
Main heating control	Programmer, no room thermostat	Very poor
Hot water	From main system	Average
Lighting	Low energy lighting in 44% of fixed outlets	Average
Floor	Solid, no insulation (assumed)	N/A
Secondary heating	Room heaters, mains gas	N/A

Primary energy use

The primary energy use for this property per year is 297 kilowatt hours per square metre (kWh/m²).

► [About primary energy use](#)

How this affects your energy bills

An average household would need to spend **£880 per year on heating, hot water and lighting** in this property. These costs usually make up the majority of your energy bills.

You could **save £357 per year** if you complete the suggested steps for improving this property's energy rating.

This is **based on average costs in 2014** when this EPC was created. People living at the property may use different amounts of energy for heating, hot water and lighting.

Heating this property

Estimated energy needed in this property is:

- 7,475 kWh per year for heating
- 2,625 kWh per year for hot water

Impact on the environment

This property's environmental impact rating is E. It has the potential to be B.

Properties get a rating from A (best) to G (worst) on how much carbon dioxide (CO₂) they produce each year.

Carbon emissions

An average household produces

6 tonnes of CO₂

This property produces	3.8 tonnes of CO2
-------------------------------	--------------------------

This property's potential production	1.0 tonnes of CO2
---	--------------------------

You could improve this property's CO2 emissions by making the suggested changes. This will help to protect the environment.

These ratings are based on assumptions about average occupancy and energy use. People living at the property may use different amounts of energy.

Steps you could take to save energy

► [Do I need to follow these steps in order?](#)

Step 1: Floor insulation

Typical installation cost	£800 - £1,200
---------------------------	---------------

Typical yearly saving	£57.96
-----------------------	--------

Potential rating after completing step 1
--

59 D

Step 2: Hot water cylinder insulation

Add additional 80 mm jacket to hot water cylinder

Typical installation cost	£15 - £30
---------------------------	-----------

Typical yearly saving	£10.48
-----------------------	--------

Potential rating after completing steps 1 and 2

60 D

Step 3: Low energy lighting

Typical installation cost	£25
---------------------------	-----

Typical yearly saving	£18.54
-----------------------	--------

Potential rating after completing steps 1 to 3
--

61 D

Step 4: Heating controls (room thermostat and TRVs)

Typical installation cost	£350 - £450
---------------------------	-------------

Typical yearly saving	£105.34
-----------------------	---------

**Potential rating after completing
steps 1 to 4**

66 D

Step 5: Replace boiler with new condensing boiler

Typical installation cost £2,200 - £3,000

Typical yearly saving £131.62

**Potential rating after completing
steps 1 to 5**

72 C

Step 6: Solar water heating

Typical installation cost £4,000 - £6,000

Typical yearly saving £34.40

**Potential rating after completing
steps 1 to 6**

74 C

Step 7: Solar photovoltaic panels, 2.5 kWp

Typical installation cost £9,000 - £14,000

Typical yearly saving £231.07

**Potential rating after completing
steps 1 to 7**

86 B

Step 8: Wind turbine

Typical installation cost £1,500 - £4,000

Typical yearly saving £20.07

**Potential rating after completing
steps 1 to 8**

87 B

Who to contact about this certificate

Contacting the assessor

If you're unhappy about your property's energy assessment or certificate, you can complain to the assessor who created it.

Assessor's name	Peter Bennett
Telephone	0114 288 5502
Email	pete.greendead@gmail.com

Contacting the accreditation scheme

If you're still unhappy after contacting the assessor, you should contact the assessor's accreditation scheme.

Accreditation scheme	Stroma Certification Ltd
Assessor's ID	STRO001665
Telephone	0330 124 9660
Email	certification@stroma.com

About this assessment

Assessor's declaration	No related party
------------------------	------------------

Date of assessment	30 December 2013
Date of certificate	6 January 2014
Type of assessment	► RdSAP

Other certificates for this property

If you are aware of previous certificates for this property and they are not listed here, please contact us at mhclg.digital-services@communities.gov.uk or call our helpdesk on 020 3829 0748 (Monday to Friday, 9am to 5pm).

There are no related certificates for this property.
